FOREWORD

This listing of Comprehensive Employment and Training Act (CETA) programs with educational emphasis was developed for the purpose of identifying the variety of cooperative efforts between CETA Prime Sponsors and educators in the State of Iowa.

Contacts were scheduled with each Prime Sponsor to gather information for the listing of CETA/education programs. CETA projects with an educational agency or involving training were selected for the directory. The directory begins with a listing of each project by Prime Sponsor and is followed by projects sponsored by Special Grants and PROTEUS. A short narrative description is given for each project as well as the contact people, project period, CETA funding, and number of CETA participants to be served.

The Special Grant staff at the Office for Planning and Programming was consulted for a listing of 1% linkage and 4% Governor's Discretionary Grants. The projects selected for listing may not, in all cases, directly relate to education, but the projects selected were considered to be of interest to educators and Prime Sponsors.

A listing of 6% Special Grant programs are included for review. These class-size and specialized programs are in addition to the many individual programs available to CETA participants on a slot-in basis in both merged area schools and private vocational schools.

PROTEUS is a CETA funding program that provides training and ancillary services to CETA migrant and seasonal farmworkers. A description of this program is included.

The cooperation offered by Prime Sponsors, Special Grant staff and PROTEUS in developing the "Directory of CETA Funded Educational Programs" is greatly appreciated. Also a special thanks to the CETA/DPI staff and to Becky Smith who has done preliminary preparation and typing for the Directory. Special thanks are also extended to Kathy Cullor in Word Processing and Tonya Cox in the design of the front cover. Without their time and special consideration, this Directory would not be possible.

Project Period: July 15, 1981 to September 30, 1982

Purpose of Program: Contracting with Business and Industry is a method of providing specialized individual career orientation and entry level job training. It utilizes the local business and industrial complexes as a training laboratory in which students can acquire entry level job skills in an expanded range of occupational areas, and assess their interests and capabilities under realistic settings while learning from professional business persons who act as adjunct faculty. Concurrent with the off-campus instruction, each student enrolls for a minimum of six to eight credit hours of on-campus instruction related to the chosen occupational area.

PROTEUS

Hector Sanchez, Director
PROTEUS Adult Training, Inc.
4485 Delaware Avenue, P. O. Box 10382
Des Moines, Iowa 50306
Phone: 515-263-1171

Purpose of Program: PROTEUS Adult Training, Inc. is a non-profit agency which operates employment and training programs for persons eligible under CETA Migrant and Seasonal Farmworker (MSFW) eligibility guidelines. Funding comes directly from the Office of Farmworker Programs, Department of Labor in Washington, D.C. from Title III, Section 303.

Currently, educational services offered by PROTEUS include Orientation (career exploration and assessment), Pre-vocational English, and Occupational Skills Training. PROTEUS operates its own Skill Training Center where participants with lower English or academic skills may prepare for and study Welding, Auto Mechanics, Auto Body Repair and Solar Carpentry careers. In the unique PROTEUS setting, their vocational training can be combined as needed with pre-vocational English instruction. Participants are also slotted into other training centers around the state when English skills are advanced enough to meet entrance requirements.

On-the-Job Training and Adult Work Experience are also offered in a wide variety of job areas. Remedial Education is offered during the summer months to migrants through the use of Mobile Units which travel to the migrant camps around the state.

Those interested in finding out more about PROTEUS services and eligibility requirements may contact Lorenzo Sandoval, Counselor III, at 1-800-372-6031. At that time, they will be referred to the nearest area office.
